Cooperation Agreement between the Red Cross and UWC Red Cross Nordic

1. The Shared Vision of the Parties

The partnership between the Red Cross and UWC Red Cross Nordic (UWC RCN) seeks to prepare UWC RCN students to be ethical leaders of tomorrow, to be ambassadors for the core values of the two organisations and to make a positive difference in the world.

The partnership between and the College seeks to prepare UWC RCN students to be ambassadors for Red Cross Values and the Seven Fundamental Principles of the Red Cross – and serves as a foundation to continue this commitment in different parts of the world.

2. The Shared Objective of the Parties

Through active and meaningful engagement with the parties' humanitarian fundamental principles, the students should develop a perspective that gives a lifelong commitment to being a spokesperson for people with humanitarian needs.

The Red Cross Diploma confirms that a student has acquired knowledge about the Red Cross movement and its core values and participated in voluntary service and humanitarian activities, alongside theoretical and practical learning exercises. The Red Cross Diploma certification is made by the Contact Group between the parties.

The shared objective of the parties is that the students should be able to fulfil the requirements necessary to receive a Red Cross Diploma.

3. The Cooperation Areas of the Parties

The parties are committed to collaborate when it comes to developing the students' humanitarian spirit. This should be achieved through knowledge and practical experience acquired from their own efforts in humanitarian activities and the programme delivered by the two organisations. The parties will cooperate to develop:

- Knowledge and understanding of the Red Cross mandate, principles and activities.
- Humanitarian and organizational values and personal skills in association with the 7 Fundamental Principles.
- Training as a voluntary humanitarian resource, especially within first aid and emergency preparedness, and as a social contributor.
- Local and sustainable capacity building.

The parties will cooperate in making annual activity and action plans that correspond to the academic year. Plans for the following academic year shall be drafted by April each year. The annual activity and action plan should facilitate operational cooperation between the parties.

One key aspect of the cooperation focuses on inclusion within education through close partnership with the Red Cross Haugland Rehabilitation Centre and programmes such as the Survivors of Conflict programme.

4. The Shared Commitment of the Parties

The Red Cross and UWC RCN will facilitate that all students attend courses and lectures. Basic knowledge of the Red Cross shall be a mandatory part of the extra curricular programme and, where appropriate, the academic programme. This will be conveyed at the start of the academic year for first year students.

UWC RCN is committed to facilitate that:

- Teachers acquire knowledge and understanding of the Red Cross history, mandate, principles and activities, so that they are able to communicate this to the students independently.
- The College provides opportunities for students to contribute locally in a voluntary and humanitarian capacity in Sogn og Fjordane – and ensures that these opportunities are well advertised to the student body.

The Red Cross is committed to:

- Adapt training programmes and material to the students at UWC RCN (including students that do not speak any of the Nordic languages), and provide guest speakers, workshop leaders and other relevant contributors.
- Ensuring that opportunities are provided for students to contribute locally in a voluntary and humanitarian capacity in Sogn og Fjordane – and that there is constant revision of opportunities for collaboration in this area.

- An active Red Cross First Aid Group consisting of qualified volunteers.

Preparation and execution of practical activities included in the cooperation agreement are handled by the responsible person of each party, and shall be stated in the annual activity and action plans.

The Contact Group between the parties handles other dialogue between the Red Cross and UWC RCN.

6. Contact between UWC RCN and the Red Cross Movement

7. The Contact Group between the Red Cross and UWC RCN

Ongoing contact and cooperation, beyond contact in relation with practical activities given by the annual activity and action plan, are to be taken care of by the Contact Group between the College and the Red Cross.

11. The First Aid Group at UWC RCN

There should be an active First Aid Group at UWC RCN. The First Aid Group will cooperate with the Rescue Service (Hjelpekorps) in the local area (and the District Council of the Rescue Service) through the staff member (the Red Cross First Aid Coordinator) who is in charge of the first aid training of the students. This person will also lead the First Aid Group. Through the District Council of the Rescue Service (Hjelpekorps), Sogn og Fjordane Red Cross has the responsibility to offer education which gives Red Cross certification to the staff member with first aid responsibilities.

The contact person in the District Council of the Rescue Service is responsible for communication with the First Aid Group at the College. The District Council will invite the First Aid Group to participate in Rescue Service events according to level of competence and skills.
