International Baccalaureate Places in Sogn og Fjordane

As a partnership between Sogn og Fjordane Fylkeskommune and UWC Red Cross Nordic in Fjaler, we are offering two places on our International Baccalaureate (IB) programme for entry in August 2019.

If you are interested in studying in English alongside more than 200 students from over 90 countries, please see: https://uwcrcn.no/how-to-apply/scholarships/

The places are also mentioned in Søkjarhandbok Skuleåret 2019–2020.

For further information as to the application process, please contact Leonie Merts-Koning on admissions@rcnuwc.no or 57 73 70 04.

You are welcome to visit our campus. Selection will be in the form of a written application and interview conducted by admissions staff and UWC Norge (which selects 40 students per year to study at the 17 UWCs across the world). This is an exciting opportunity to study at UWC RCN alongside ten other Norwegians in your year group and to experience the whole world in Sogn og Fjordane – diversity is our strength. UWC RCN focuses on the promotion of humanitarian and environmental concerns and Nordic values. The academic (IB) programme prepares you for university. As a UWC RCN graduate you will be eligible for a scholarship to study in the US on the Davis United World College Scholars Program (www.davisuwcscholars.org) – a partnership with 94 US universities and colleges and it is the largest international scholarship program for undergraduates in the world.

A filled in application form is to be sent to admissions@rcnuwc.no by Feb 1st 2019.

The College has an agreement with the Education Department in Sogn og Fjordane County that application for these places do not need to go via VIGO. Candidates will be called for an interview in mid-February. Applicants must be residents in Sogn og Fjordane. Day or residential places are available. It is important that candidates also submit their applications for other study places to VIGO.
